USHFC-2015-Resolution Re: National Health Freedom Constitutional Amendment

2015 U.S. Health Freedom Congress

Hamline University, St. Paul, Minnesota, October 18, 19 and 20, 2015

Submitted by Texas Health Freedom Coalition

Resolution to Support The Adoption of A National Health Freedom Constitutional Amendment

WHEREAS, Founding Father Dr. Benjamin Rush, MD warned us over two centuries ago: *“Unless we put medical freedom into the Constitution, the time will come when medicine will organize into an undercover dictatorship to restrict the art of healing to one class of Men and deny equal privileges to others; the Constitution of the Republic should make a Special privilege for medical freedoms as well as religious freedom.”*;

AND WHEREAS, Dr. Rush’s words have unfortunately been proven to be true by the establishment of a large and influential medical monopoly;

AND WHEREAS, this medical monopoly has acted primarily in its own self-interest to *“restrict the art of healing to one class of Men and deny equal privileges to others;”*

AND WHEREAS, the result of this restriction has been the infliction of untold and unnecessary suffering and death on the American people;

AND WHEREAS, a growing number of people in the United States have awakened to this fact;

AND WHEREAS, many of these same people wish to take action to remedy this situation;

BE IT THEREFORE RESOLVED, that the United State Health Freedom Congress does hereby endorse, and agree to take action to enact, the following as an amendment to the Constitution of the United States of America: *“The People of the United States of America and anyone lawfully residing or sojourning therein shall have freedom of choice and practice of any health or medical care modalities as they deem in their own personal best interest and judgment.”*
